

## APC Mouse IgM Isotype Control Antibody

|                           |                           |
|---------------------------|---------------------------|
| <b>Catalog Number:</b>    | 302005                    |
| <b>Size:</b>              | 25 ug                     |
| <b>Target Name:</b>       | Mouse IgM Isotype control |
| <b>Regulatory Status:</b> | RUO                       |

### PRODUCT DETAILS

|                               |                                                                                                                                                     |
|-------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Clone:</b>                 | MM-30                                                                                                                                               |
| <b>Application:</b>           | Flow Cytometry                                                                                                                                      |
| <b>Reactivity:</b>            | N/A                                                                                                                                                 |
| <b>Format:</b>                | APC                                                                                                                                                 |
| <b>Isotype:</b>               | Mouse IgM                                                                                                                                           |
| <b>Antibody Type:</b>         | Monoclonal                                                                                                                                          |
| <b>Formulation:</b>           | Phosphate-buffered solution, pH 7.2, containing 0.09% sodium azide and 0.2% (w/v) BSA                                                               |
| <b>Protein Concentration:</b> | 0.2mg/mL                                                                                                                                            |
| <b>Storage&amp;Handling:</b>  | Store the antibody undiluted at 2°C to 8°C.                                                                                                         |
| <b>Recommended Usage:</b>     | Use at concentrations comparable to those used for the target-specific antibody. APC has an excitation max at 650 nm and an emission max at 660 nm. |
| <b>Excitation Laser:</b>      | Red Laser (633 nm)                                                                                                                                  |
| <b>RRID:</b>                  | AB_3739224                                                                                                                                          |

### BACKGROUND INFORMATION

---

The clone of MM-30 1 antibody is mouse isotype IgM, k. The MM-30 immunoglobulin has unknown specificity. It is chosen as an isotype control after screening on a variety of resting, activated, live, and fixed mouse, rat and human tissues.
